

# ИГРАЛИШТЕ

## СКОПЈЕ

### Project specification for Igralishte Mobile UI

#### General

Igralishte is a vintage thrift store for vintage clothing and local designer brands.

#### Resources

**Figma file:**

[https://www.figma.com/file/PBCjlOLMju4PCXd8GUEnBB/Tijana-Cresenzi---Igralishte---Figma-file-\(Front-End\)?type=design&node-id=198%3A372&mode=design&t=si9VM8PmZx81PR73-1](https://www.figma.com/file/PBCjlOLMju4PCXd8GUEnBB/Tijana-Cresenzi---Igralishte---Figma-file-(Front-End)?type=design&node-id=198%3A372&mode=design&t=si9VM8PmZx81PR73-1)

**Icons:**

Export icons from the figma design in PNG/SVG format.

**Photos:**

Export photos from the figma design in PNG/SVG format.

*Note: Most of the product photos used in the design are placeholders. Client/mentor needs to provide more photos. If there are no photos available at the moment just use the placeholders.*

**Fonts:**

Century - titles

Cormorant Infant - small titles

Cormorant Garamont - body text

## Pages

### Web UI:

1. [Header and footer](#)
2. [Login](#)
3. [Register](#)
4. [Home page](#)
5. [About us](#)
6. [Contact us](#)
7. [FAQ](#)
8. [Local designer/brand page](#)
9. [Products page](#)
10. [Product detail page - for vintage clothing](#)
11. [Order page - shopping cart](#)
12. [Order form](#)
13. [Favorites page](#)
14. [Gift card page](#)

# 1. Header and footer

**Note:** Header and footer are only explained here, and they are not mentioned after on other pages, because they are the same on every page. If a page doesn't contain footer it will be mentioned.

## Header

- The header contains a hamburger menu, the logo and a search bar
- Below there is an announcement bar which is imagined to be moving in a loop and broadcast the most recent news and novelties.

## Side (hamburger) menu

- Menu features with dropdowns (please see prototype) and three main features on the bottom:
  1. Cart details
  2. Favorite products
  3. Register/Login
- The menu navigation contains:
  - New
  - Vintage clothes
    - See all
    - Tops
    - Pants
    - Bottoms / shorts
    - Dresses
    - Coats and jackets
    - Underwear
  - Brands
    - See all
    - Pinc Partywear
    - Factory Girl
    - Main Days
    - Нежно

- Ред
- Наш
- Зш да не
- Fraeil
- Urma
- Candle Nest
- Beyond Green
- Gatta
- Accessories
  - Purses
  - Jewelry
- Lifestyle
- Gift a card
- Discount

## Footer

Newsletter action text and an input field with a primary button to subscribe.

Links to pages:

- About Us
- Contact
- Store locator
- FAQ
- Register / Login
- Social media links

## 2. Login

### Login form

- Two input fields for email and password, one primary action button.
- Two secondary buttons to login with google or facebook by choice.
- Register link if you change your mind on the page and want to register instead.

- Forgot your password link if you did so.

### 3. Register

#### Register 1 screen

- First button to register with email address.
- Two secondary buttons to register with google or facebook by choice.
- Register link if you change your mind on the page and want to login instead.
- Automatic agreement with Terms and Conditions.

#### Register 2 screen

- Five input fields for name, surname, email, password and repeat password, one primary action button.
- Checkbox for newsletter.

#### Register 3 screen

- One profile picture placeholder.
- Link to upload your profile picture.
- Three input text fields for address, mobile number and bio.
- Two action buttons:
  - Finish
  - Skip

### 4. Home Page

#### Home banner

- Banner image
- Big pink info circle that turns gold when clicked, while gold sparks turn red.

#### Product overview

- Title
- 1 product displayed with arrows on both sides so you can slide through. Total number of products should be at least 2 to be slidable.
- Under product photo, product name and price is displayed.

- You can click on each product and it should land you on that specific product detail page.

### Second home banner

- Another big picture here
- Big pink info circle that turns into a pinkish gradient when clicked.

### Gift cards section

- Photo of gift cards wrapped around a messy black border with corner radius + a sparkle.
- Big pink info circle that turns into a darker shade of pink when clicked.

## 5. About us

- Title
- Toggle button with text of two choices to read about:
  - Our story
  - Our work

**Note:** The layout of these two is the same, just the text and image should be different.

## 6. Contact Us

- Page title
- Image
- Title
- Subtitle
- Contact info
- Primary action button

## 7. FAQ

- Page title
- 5 questions displayed (if client wants more questions here just add columns)

## 8. Local designer page

### Brand/local designer info

- Cookie trail
- Brand/designer title name
- Brand/designer image
- Brand/designer description

### Products

- 6 products displayed from the brand
- Under product photo, product name and price should be displayed.
- On the bottom right there are arrows for navigating through the products.
- You can click on each product and it should land you on that specific product detail page.
- Pagination

## 9. Products page

### Filter

- The filter contains:
  - Search bar
  - Category → 5 Categories (same from top navigation)
  - Brands → 11 Brands (same from top navigation)
  - Accessories → 2 Accessories (same from top navigation)
  - Size → 5 Sizes
  - Color → 10 Colors
  - Price → 5 Price options
- Each category has a certain number of products displayed, depends on how much products are labeled under that category
- Each category has a checkmark you can check/uncheck
- On each change you make on the filter, it should automatically filter out the product results based on your choice.

- Sort by - the other part of the filter is on the top right side above the products. It has two options:
  - Newest
  - Oldest

### Product cards

- 10 products displayed on one page
- Under product photo, product name and price should be displayed.
- You can click on each product and it should land you on that specific product detail page.
- Pagination on the bottom.

## 10. Product detail page - for vintage clothing

### Fixed [shortcut] buttons

- Heart button = to put the product in favorites
- Cart button = to put the product in the cart

They both change when clicked (please see prototype).

### Product overview

- Product name
- One main product display photo
- 4 product images displayed (may be more in total, which should be scrollable with the arrows up and down)
- Price
- Product description
- Quantity is determined by two icons (+ and -) and a number between, followed by a button to add to cart and an icon to add to favorites. Add to cart button changes when clicked (please see prototype).
- Size
- Size description
- Size dimensions link
- Color

- Material
- Condition and read more about condition link
- Maintenance guidelines
- Product tags

### Box elements

- 4 boxes that are collapsed by default:
  - Quality control
  - Returning policy
  - Delivery
  - Help
- When you click on the plus the box should expand, providing info explaining the title of the box (find the element on figma below the page)

### Other products

- 6 similar products displayed on one page
- Under product photo, product name and price should be displayed.
- You can click on each product and it should land you on that specific product detail page.
- Pagination

## 11. Order page - shopping cart

### Cart tab

- Product photo, product name and price displayed (as many as you have in your cart)
- A detail display of all products that are in the cart and the quantity of them
- Delivery + discount (if any) should be displayed and calculated here too.
- The total price calculated and displayed.
- If you delete an item it should automatically recalculate.
- Action button to continue with the order.
- A bin icon to delete the products from the cart.

## 12. Order form

### Other form pop up

- Spark element
- Title
- Checkbox if you want to automatically put information from your profile if you are registered
- 5 input fields to be filled if you are not registered/you want to order on different info from your profile:
  - Name
  - Surname
  - Address
  - Phone
  - Email address
- Newsletter checkbox
- 2 action buttons:
  - Order
  - Cancel

### Confirmation message pop up

- Once you click on order, a confirmation message should appear on the center of the screen, that confirms your order.
- 2 action buttons:
  - Continue
  - Go to home page

## 13. Favorites page

### Favorites tab

- Product photo, product name and price displayed (as many as you have in your cart)

### Other products

- 6 similar products displayed on one page

- Under product photo, product name and price should be displayed.
- You can click on each product and it should land you on that specific product detail page.
- Pagination

## 14. Gift card page

- Title
- 3 Gift Cards with different images and titles
- Choose among 5 prices, 5 action buttons
- When clicked and hovered, the buttons change (please see prototype).

Good Luck 🌸
